

# HERRIARD VILLAGE CENTRE

Work has finally started on the Herriard Village Centre project!

Foremost Tree Surgeons were on site to cut a swathe through the hedge surrounding the field to create access to facilitate works.

On 20 April 2009 Graceland diggers started earthworks by digging out the roads and the sites where the houses will be built.

At an open meeting to be held on the 22 April in the village hall, the parish council and the developers will be on hand to give details of the development and to answer questions. The meeting starts at 7.30pm and all are welcome to attend.
